

Opportunity for Summer Experience!

Ag Ed / Range / Natural Resource Students Wanted!

We are looking for Range Camp counselors! Range Camp is for high school students, ages 15-18, held June 18th-23rd at the Elkus Youth Ranch in Half Moon Bay, CA. Campers explore practical applications of environmental science and biology, learn about career opportunities in Rangeland and Natural Resource Management and have exposure to a variety of land management practices and philosophies.

Range Management professionals come from all over California to educate campers about their careers and interests. In addition to enjoying the learning experience, campers compete for the chance to represent the California-Pacific section at the Society for Range Management's next annual meeting.

This is a great opportunity for University students to expand their resumes and have a positive impact on the next generation.

Perks:

- Room and Board provided
- Stipend
- Opportunity to meet potential employers, University faculty and other Range Management professionals

For more information visit www.casrm.org and click on the Range Camp link on the left hand side.
